

Find your new audience!

StagePool is one of Europe's biggest job portals in the entertainment industry. We publish attractive jobs within the areas stage, TV, film, music and media in Germany, Scandinavia, Austria and Switzerland. To build additional value for our paying Premium members, we're constantly looking for new collaborations with companies and entrepreneurs in the entertainment business - our StagePool Partners!

We offer you a partner page, free of charge, on StagePool.com with e.g. photo, text and logotype. Check out our partner pages here: <https://en.stagepool.com/partners>

Facts StagePool in Europe

Premium members: 8 500
Freemium members: 200 000
>225 000 sessions a month
>785 000 page views a month

Being a StagePool Partner

As a StagePool Partner you must be willing to offer our members discounts on your own product line, or e.g. the customer's first purchase. Perhaps 25% discount on your product, or "3 for the price of 2", or other discounts in your system.

Collaboration free of charge

Of course we don't charge any fees or similar for the collaboration. You get a partner page on StagePool where you present your standing offer. Today we have thousands of paying Premium members and hundred thousands of Freemium members (for whom your offers also will be exposed).

Win-win-win!

Offering added value for our members, apart from the services included in their membership, is very important for us. Our members, in their turn, benefit from attractive offers on products and services they need and are likely to purchase. Additionally, as a partner you will gain on reaching a niched and relevant audience. Win-win-win!

How to become a StagePool Partner

1. Send us a short proposal including the offer for our members to partner@stagepool.com.
2. We'll get back to you with feedback and a counter-proposal.
3. When we both agree on the form of collaboration you'll send us your text and picture material.
4. We'll build your partner page and market it on stagepool.com.
